CONCLUSION OF  
OLYMPIC GAMESAMERICA FIRST IN TRACK AND  
FIELD EVENTS.Gold Medals and Trophies Presented  
to Successful Competitors by  
Queen Alexandra—List of American  
Winners.

London, July 25.—The Olympic games were brought to a conclusion this afternoon when Queen Alexandra presented gold medals and trophies to successful competitors and the dowager duchess of Westminster, Duchess Westminister, Duchess Rutland and Lady Desborough handed silver and bronze medals, diplomas and commemorative medals to those entitled to them. A big crowd cheered the athletes as they came up to receive their prizes. The Italian, Dorando, was honored with the greatest ovation, sympathies of the spectators going out to the man who had missed the prize of the Marathon race, when it was just within his grasp. American were most enthusiastic in the demonstration accorded Dorando.

Before the ceremonies of prize giving began, America captured two events, 110 metre hurdles and 1,600 metre relay, the latter being the last event on the program. The stars and stripes was the last national flag to float at the masthead. In all events concluded since the Olympic games began early in the year, including such games as water polo and other sports in which England alone competed, present standing of countries, counting only wins is:

United Kingdom, 38; America, 22; Sweden, 7; France, 4; Hungary, 3; Norway, Germany, Canada, Italy, 2 each; Belgium, South Africa, Finland, 1 each.

In the field and track events, the standing is: America, 114 1-2; United Kingdom, 66 1-3; Sweden, 12 1-2; Canada, 11; South Africa, 8; Greece, 8 each; Norway, 5; Germany, 4; Italy, 3; Hungary, 2 1-3; France, 2; Belgium, 1; Canada, 1 each. America's score in the field and track events is made up of fifteen firsts, ten seconds, eight thirds, in addition to a tie for second and third in the standing high jump and a tie for third place in the pole vault. The United Kingdom got 8 firsts, 6 seconds and 3 thirds; Sweden, 2 firsts, 2 seconds, tie for third; South Africa, 1 first, 1 second; Canada, 1 first, 1 second, 3 thirds; Germany, 1 second, 1 third; Italy, Australia, Hungary, 1 third each.

The result of the meeting has been to create international dissensions and kindle animosities. Relations between English and American athletic officials are so strained it will be exceedingly difficult for representatives of the two nations to arrange any competitions in the future or carry them out without unpleasant incidents. All American officials and athletes now here are convinced the United States was robbed of the 400 metre race, while the English public at any rate, is equally certain the American runners had pre-arranged a plan to keep Halswelle out of first place in that event by fair means or foul.

In a cablegram to President Roosevelt, James E. Sullivan, American commissioner to games, says: "In athletic section of the Olympic games of 1908, American representatives won the championship in track and field athletics. Americans scored more firsts than athletes of the entire world. On a basis of 5 points for first, 3 for second and 1 for third, being 66 1-3."

Following is a list of American winners of Olympic events: Marathon race (26 miles 385 yards)—John Hayes, Irish-American A. C. Time, 2:55:18. 800 metres flat (847.4 yards)—Melvin W. Shephard, Irish-American A. C.; 1:52 4-5. 1,500 metres flat (1,639.5 yards)—Melvin W. Shephard, Irish-American A. C.; 4:03 2-5. 110 metres hurdle (120.2 yards)—F. C. Smithson, Multnomah, Ore., A. C.; 15 seconds. (World's record.) 400 metres hurdle (437.2 yards)—C. J. Bacon, Irish-American A. C.; 55 seconds.

Relay race (1,600 metres, teams of four)—United States; 3:29 2-5. Hammer throw—John J. Flanagan, Irish-American A. C.; 170 feet 4 inches. Discus (free style)—Martin J. Sheridan, Irish-American A. C.; 134 feet 2 inches. Discus (Greek style)—Martin J. Sheridan, Irish-American A. C.; 128 feet 8 inches. (Olympic record.) Putting weight—Balth Rose, Olympic club, San Francisco; 46 feet 7 1/2 inches. Standing broad jump—Ray C. Ewry, New York A. C.; 10 feet 11 1-4 inches.

Standing high jump—Ray C. Ewry, New York A. C.; 5 feet 2 inches. Running broad jump—F. C. Irons, Chicago A. A.; 24 feet 6 1/2 inches. (Olympic record.) Pole vault—A. C. Gilbert, Yale and E. T. Cooke, Cornell, tied; 12 feet 2 inches. 100 metre swim (109.3 yards)—C. M. Daniels, New York A. C. Time 1:05 3-5. Wrestling (119 pounds catch-as-catch-can)—George N. Mehnert, National Turnverein, America. During the award of prizes to victorious athletes, Dorando, the Italian, who made such a brave fight for the Marathon race walked briskly around the track and up the steps to the royal stand to receive a gold cup, a present from the queen for his plucky finish in this event. He was given a great ovation, people rising in their seats and cheering him for fifteen minutes. The Italian looked quite strong and did not show any sign of the frightful ordeal which he went through yesterday. He was escorted around the arena by a number of his compatriots one of whom bore on his an Italian flag. No where did he receive a greater reception than when he passed the American stand. American gave Dorando a round of ringing cheers. They stood up and waved flags and kept up the demonstration long after others had quieted down. The American committee has decided to present a medal to Dorando on which will be inscribed the flags of United States and Italy and Marathon figure. It will be sent through the American ambassador at Rome.

## OFFICIALS SELE TED

In Conference With Bryan and Kern  
the Democratic Party Names  
Committee Officer.

Chicago, July 25.—After several hours conference with William J. Bryan and John W. Kern, the democratic nominees for president and vice president, with the sub-committee, the national democratic committee today made its selection of officials of the committee as follows:

Chairman—Norman E. Mack, Buffalo, N. Y.

Vice-chairman—L. P. Hall, Nebraska.

Treasurer—Gov. S. N. Haskell, Oklahoma.

Sergeant at Arms—John I. Martin, Missouri.

Secretary—Urey Woodson, Kentucky.

It was the first in many years that the national chairman was selected by the democratic party only after a bitter contest had been waged. The choice of Mack was made possible only after the state-democratic leaders, Charles F. Murphy, Tammany, W. J. Connors, chairman of the state democratic committee had yielded to the personal desires of Bryan.

So pleased was Bryan with Mack's election that he gave out a statement in which he openly announced his appointment is a recognition of eastern democracy and that the fight will be carried to New York.

At the evening session of the sub-committee Henry Watterson, of Louisville, Ky., was selected chairman of the new committee which will deal largely with the publicity problems of the campaign.

Bryan will remain in Chicago until tomorrow evening when he will leave for Lincoln.

## PUTS ON A WILD STUNT

Crazed Man Dances on Telephone Wires.

Chicago, July 25.—Climbing a sixty foot telephone pole, Constantino Bostello, 35, believed to be temporarily deranged, to day danced recklessly on the wires far above the ground for fifteen minutes before police and firemen could rescue him. When induced to come down from his dizzy height the man fought desperately with the police before he was locked up.

When found Bostello was balancing himself on the cross arm of the pole. Bostello dashed out on the wires, pole. When police started up after running back and forth and leaping in the air gleefully, apparently oblivious to danger. His sanity will be examined to day.

A LOVER'S  
VENGEANCETEARS OUT TONGUE OF WOMAN  
WHO JILTED HIM.

Italian Performs Horrible Deed and Is Meted Horrible Death by Infuriated Mob—Had Broken Promise to Marry Him.

Padua, Italy, July 25.—Tearing out his sweetheart's tongue, because she had broken her promise to wait until he could marry her, brought death to Francesco Veragni. Maddened by his deed, a crowd tied him to the heels of a horse and he was dragged two miles, every bone in his body being broken. Eight years ago Veragni fell in love with Luisa Ferrari, who lived at Montefelice, a village near here. But Veragni was poor, and swearing the girl to constancy, he left for America. For six years Veragni heard regularly from his sweetheart, then letters failed. Two months ago as he was leaving Boston for Italy, he learned that she had married, and his love turned to hatred.

A living in Italy he disguised himself as an itinerant dentist and drove to Montefelice, where he arrived at fair time. He had performed a number of minor operations, when his former sweetheart climbed up into his wagon and seated herself in the chair.

Catching up a pair of forceps he opened the woman's mouth and tore out a big part of her tongue while the crowd and husband looked on paralyzed with horror.

"Tie him to his horse and let it drag him to death!" was the cry as the mob of infuriated peasants seized Veragni. In an instant he was overpowered and bound to the heels of the animal which then was lashed to a gallop. After a two-mile run the horse was stopped and Veragni was loosened. He was crushed almost beyond recognition. It is probable that the object of his vengeance will die.

## WHERE THEY PLAY TO DAY.

Keokuk at Jacksonville.  
Waterloo at Ottumwa.  
Oskaloosa at Kewanee.  
Burlington at Quincy.

The closing game of the present series with Burlington brought out a crowd of 207 to witness it. There is a lot to be said why we didn't win and why Burlington was permitted, yes, permitted to add one more game to its record while Jacksonville took a step nearer the foot of the ladder.

The game went ten innings and for six of those innings it was one of the closest and best played games of the season. Patrick and Schaff were the opposing pitchers and both were in the best of form. Jacksonville had things all her own way at the start and was playing like real ball players. The Burlington team seemed unable to gauge Pat's delivery and it looked like a veritable walkover for the Lunatics. This was before he began to dispense his bases on balls with too great liberality. And that's the reason why Burlington won, though of course their timely hitting contributed to the actual victory. Umpire Reynolds had a strenuous time of it as the game was full of close plays. At one time he had the entire Burlington bunch around him and had to threaten a few of them before they subsided. His work was on the whole fair, though neither team seemed to think so. There were a dozen brilliant features in the early part of the game and one in the eighth, a one-handed catch by Morris, robbing Rose of a sure two bagger. Blane was given a lay off on account of that bad misplay in the opening game and Schroeder was sent into the right garden where he distinguished himself by making four put outs. Morris was also on the job, having five to his credit.

Burlington played a great uphill game and deserved to win. Their one hobble was a wild throw by House to first which was costly. Jacksonville figured but once in the error column also, Blauser dropping a throw by Gray which let Yant reach third. It cost nothing, however.

The story of the game is as follows: Burlington was blanked in the first inning, Breyette going out Berte to Fisher. Donovan struck out and House flew out to Morris. Jacksonville did nothing in her half. Same thing of Burlington in her half of the second. But in their half the Lunatics began to drive. Melan struck out. Blauser hit and advanced Melan a base. Gray flew out to Breyette, then Berte, who can usually be depended upon to hit in a pinch, lammed one to center for two bases and Melan and Blauser scored. There was nothing doing for either team in the third and fourth, except that the first hit was made off Patrick in the fourth when Yant hit for two bases. He was left at third, which he had reached when Blauser failed to hold Gray's throw. In the fifth Jacksonville further increased her lead and on a hit by Berte a steal and House's wild heave of Patrick's grounded which let Berte in from second, one more run was registered, making the score 3 to 0. In our favor and from the way Patrick was going it looked as if our long and disheartening losing streak was about to be broken. But in the sixth Burlington began to play the game for all they were worth and gave a good exhibition of how a game should be pulled out of the fire. Pat began by giving Donovan a base on balls. House fouled out to Blauser. Then Rose hit for two bases and that base on balls was converted into run number one. Again in the seventh, Cosgrove beat out a hunt, stole second while Patrick was walking around and while Schaff was being retired at first came in with run number two. The tying run came in the eighth. Donovan

NOTES.  
Retrospection; Introspection.  
Nothing is so beneficial to an individual as to sit down occasionally by himself and review his past, for in a great measure it will be a reflection of his future. Errors of commission and omission will then prove a guiding star for future conduct. What is true of the individual is likewise true of a collection of individuals.

A little review of the Jacksonville baseball team may not come amiss. We will pass over the long losing streak and take up our last journey abroad. Here's our record: Three lost to Waterloo, one to Kewanee and three to Quincy. Since our arrival we have lost two straight to Burlington. In other words we have won two games out of eleven straight contests. What do you think of that record? Some people go on the supposition that no one but a ball player knows a thing about the game. That's a great mistake. Many a man who sits in the bleachers can show where a little head work in a game will outweigh many a so-called brilliant stunt. But the last record just put upon the official scorer's books is a slam upon the ability of the Jacksonville team to play ball. Jacksonville has not got together a weak team nor

TAFT DAY AT  
CINCINNATITUESDAY THE NOTIFICATION  
TAKES PLACE.

The City Planning for the Event—Will Be in Holiday Attire—Program Outlined—The Nominee Arrives Home.

Cincinnati, July 25.—Notification day seemed suddenly to become a realization in this city upon the arrival to day of Judge Taft. The work of planning and of general preparation for the event has been going on for some time, but took the presence of the candidate to exhilarate, unfurling of flags, draping of bunting and general breezing of holiday atmosphere, all of which is to culminate Tuesday in official functions for the few and unofficial festivities for the many.

The reception of Taft as he stepped from the train could not have been less simple. Charles P. Taft and one or two old friends were at the station to greet the candidate. A crowd stood back of the station gate and could not resist a modest demonstration of approval and a few friendly expressions were shouted here and there as the b r others made their way to the carriage. During the drive to C. P. Taft's residence, a glimpse of the holiday attire of the city was had and the old Colonial House was reached there were decided evidences of the coming event in the large temporary porches, speaker's platform, etc.

The program for Tuesday includes a flag raising on the Taft lawn, escorting of committeemen from hotel and breakfast in their honor. Breakfast over the committeemen will take their places on the platform. Senator Warner, chairman of the notification committee will escort Taft to the speaker's platform, and will there, in a brief speech, communicate to him the fact of his nomination for the presidency and then will follow Taft's speech. Then Taft will witness the enthusiasm of the marching clubs.

After the review Taft and the committee will have dinner at the Cincinnati Country Club. In the evening the party will board the steamer Island Queen for a short sail upstream. One hundred and sixty tiny crafts, all ablaze with illumination, will escort the Queen on the journey, while Cincinnati hills will burst into illumination and detonation, while riotous display of fireworks is given. After his arrival to day Taft spent the afternoon and evening quietly at home of his brother. He saw few callers and gave himself up to rest and reading and visiting with his immediate family.

## CANDIDATE FOR LEGISLATURE

F. L. Sharpe of This County Is Seeking the Republican Nomination—His Record.

Frederick L. Sharpe of this city is the only candidate from Morgan county for member of the legislature on the Republican ticket. Mr. Sharpe was born and reared in Pike county, and when 20 years of age began teaching a country school. He served acceptably as teacher during the winter months and devoted his summers to work on the farm. This plan of activity continued for three years and then in 1877 Mr. Sharpe came to

Jacksonville and for twenty years held a position of trust and responsibility with J. S. & G. S. Russell. After serving his connection with this firm he engaged in the lumber business and farming on his own account, and now has extensive interests in both of these lines. As a successful business man Mr. Sharpe is known to practically every resident of Jacksonville and Morgan county, and no one is held in higher esteem for honor and integrity.

Mr. Sharpe has been a Republican all his life, having cast his first vote for Gen. Grant. He has an especially good record along this line, as he has never failed to vote at any election since his majority. He is a strong advocate of the principle of local option on all questions of interest to the people, and is in favor of letting the people determine by their ballots as far as possible all questions of public policy.

While Mr. Sharpe is not what one might call a "lodge man" he, nevertheless, takes an active interest in

several well known organizations. He is senior past exalted ruler of Jacksonville Elks lodge No. 682 and has twice represented the lodge at the grand lodge sessions. For fifteen years he has been a member of the Travelers Protective association and has attended several of their national gatherings as a delegate. His church affiliations are with Westminster Presbyterian church.

Mr. Sharpe was a great admirer of the late John R. Tanner and when the latter was governor he appointed Mr. Sharpe member of the board of trustees of Central Insane Hospital. Mr. Sharpe was elected president of the board and served with great ability. Some years since he was a member of the city council representing the second ward to the satisfaction of his constituents.

Mr. Sharpe is a staunch advocate of a deep waterway and will support any movement looking toward its achievement. If nominated and elected he will endeavor to do his whole duty in the interest of the people of the state.

# Eat What

You want of the food you need  
**Kodol will digest it.**

You need a sufficient amount of good wholesome food and more than this you need to fully digest it.

Else you can't gain strength, nor can you strengthen your stomach if it is weak.

You must eat in order to live and maintain strength.

You must not diet, because the body requires that you eat a sufficient amount of food regularly.

But this food must be digested, and it must be digested thoroughly.

When the stomach can't do it, you must take something that will help the stomach.

The proper way to do is to eat what you want, and let Kodol digest the food.

Nothing else can do this. When the stomach is weak it needs help; you must help it by giving it rest, and Kodol will do that.

### Our Guarantee

Go to your druggist today, and purchase a dollar bottle, and if you can honestly say, that you did not receive any benefits from it, after using the entire bottle, the druggist will refund your money to you without question or delay.

We will pay the druggist the price of the bottle purchased by you.

This offer applies to the large bottle only and to but one in a family.

We could not afford to make such an offer, unless we positively knew what Kodol will do for you.

It would bankrupt us.

The dollar bottle contains 2 1/2 times as much as the fifty cent bottle....

Kodol is made at the laboratories of E. C. DeWitt & Co., Chicago.

## The Modern Bank

Without the modern bank there would be no safe depositories for money, no way to transact business except by cash, and the efficiency of a greatly diminished circulating medium would be reduced fully ninety per cent.

Close the banks and our great industries would cease, commerce would languish.

Depositors make modern banking possible. Without depositors the bank would close and general stagnation would result.

The bank depositor therefore makes prosperity possible and directly contributes to the welfare of everyone in the community. Even the man who keeps his money in his sock is benefited by the modern bank.

**WILL WORK ON ELECTRIC LINE**

Road to be Built Between Godfrey and Jerseyville This Year—Steel Has Been Ordered.

J. C. McGrath, W. R. Heagler and Richard Heckscher were in the city Saturday night on business connected with the Alton, Jacksonville & Peoria electric road. The visitors project other than that it is developed little to say concerning the line in a very satisfactory way and it is the expectation that the road will be completed as far as Jerseyville before winter. Mr. McGrath whose home is in Jerseyville, has been prominent in the enterprise from the beginning and Mr. Heagler lives in Alton and is the chief engineer of the line. Mr. Heckscher is a well known banker and financier from Paris, France, and he is looking over the territory through which the line will pass and getting familiar with conditions.

The line it will be remembered as already in operation between Alton and Godfrey doing a good business. The steel has been ordered for a further extension and also the ties and other materials necessary. There may be some delay in securing the ties, but barring such delay the projectors are confident that Jerseyville will be reached this fall and if the weather permits, the line will be pushed still further north this year. The distance from Godfrey to Jerseyville is about 18 miles and while this is a pretty good distance to cover in a few months' time, there is very little grading to do for the track and work as soon as started can be hurried forward. It is the expectation that Jacksonville will be reached next year.

The new road will run through a splendid country and it will certainly be of great advantage to the cities which it touches and to the rural communities it touches.

## MAN FOUND IN DYING CONDITION

HAD BULLET HOLE IN HIS FORE-HEAD.

Ernest Wells (Colored) Was Lying Along the Vandalia Road Unconscious From Dangerous Wound—"Rich" Washington Is Put Under Arrest—Injured Man Taken to Passavant Hospital.

Ernest Wells, a colored man, who came to this city from Springfield about two weeks ago, was found last night lying in the middle of the Vandalia road just east of the Alton railroad and north of the entrance to Nichols park by several young people returning from the park, his clothes all dirty and bloody and almost dead from the loss of blood from a bullet wound in his head.

The young people told the conductor on the South Main street car what they had seen and he notified Officer Wells at the square. Officer Wells called Deputy Sheriff Howard Wamaker, who is always on the right spot when he is needed and the two took the next car and went to the park where they put the man on the car. He was completely exhausted by this time from the loss of blood, and was brought to the county jail where he was kept until an ambulance could arrive. He was then taken to Passavant hospital. Dr. Wharton was summoned and Dr. T. O. Hardesty was also called and the injured man was given the best of attention.

There was only one arrest made up until early this morning. "Rich" Washington was arrested by Officer Wells at the main gate at Central hospital as he and Deputy Wamaker were returning to the city, and he is now being held at the county jail. When Officer Wells placed him under arrest he stated, "What do you want me for, I didn't kill anybody?" and refused to get on the car, but the officer and deputy soon made him see who was boss and he offered no resistance the rest of the way.

It is understood that Wells together with three other colored men got on the car which was in charge of Newt. Donovan and John Fisher early in the evening and went to Nichols park. On the way out they caused no little trouble for the conductor and it is understood that one of the men pointed a revolver at him. At the park four men were noticed by Joe Jackson, who has charge of the boats and he stated that they seemed to be intoxicated and were quarrelling among themselves. At the confectionery stand the men were exchanging money and were raising quite a fuss about something. A shot was heard during the evening, but nothing more was thought about it and the men were not seen any more.

It is not known how long the injured man lay in the road and he might have been there yet had not a young lady who was returning from the park with several young people happened to notice him. They notified Night Watchman Mat Harmon and also the conductor on the street car. Mr. Harmon removed the fellow to one side of the road and remained with him until the officers arrived.

It is not known just how seriously Wells is wounded, but he was in such a weak condition last evening that it was feared he would die before morning. The wound is near the center of the forehead and about four square inches of his skull was soft. It was hard to determine last night from the wound whether he had been shot or hit with some blunt instrument.

The injured man was not identified for some time until Rollo Dailey arrived and stated that he was with him until 7 o'clock last evening. He

stated that the man's name was Ernest Wells and that he resided on Mason street in Springfield. Wells, it is understood, came to this city about two weeks ago and was working on a farm in the north part of the county.

Washington, who is being held at the county jail on suspicion, has quite a police record, and it is understood that he was in the penitentiary at one time. Two colored men were reported by a conductor on a South Main street car to have come in to the city on his car from the park and an effort will be made to identify them and bring them to an account.

#### FREAK OF LIGHTNING.

Parties See Phenomenal Display of Electricity.

While watching the thunder storm of Friday afternoon, from the window of the Capps factory, Mr. Joseph L. Capps and Lew H. Pratt were fortunate enough to witness a freak of lightning which was unusual to say the least. They were watching the storm from a west window when suddenly a column of fire five feet high, with an apparent diameter about equal to that of a telephone post, spurted from the roof of a gigantic maple, exactly as if a heap of powder had been touched off. A clap of thunder followed instantly, though there was no lightning stroke from above.

The shock of the bolt was felt by some workmen in the basement of the Capps factory, fuses were burned out in several electric pressing irons, and yet the people living within a house only ten feet from the big tree did not know that the tree had been struck until some ten minutes after the bolt fell, when they noticed a little smoke coming from a burned place on the side of the tree, about four or five feet above the ground. They immediately threw water on the burned patch and quenched the fire.

#### AN OLD CITIZEN RETURNS.

Tony Correa, brother of Joseph Correa, of Pine street, is in the city visiting his brother and old time friends. Mr. Correa has been here only one day in forty years, that was some twenty-three years ago, just before the death of his sister. Since that time Mr. Correa has been in several places, but Milwaukee and Chicago have been his residing places, mostly living in Chicago for the past seventeen years. He says there is a great change in Jacksonville from what it was forty years ago and in all his travels he has not seen any prettier place. The first place he stopped was at Pyatt's cigar store and spoke to the old Indian, and remembered how he had to carry it in and out when he learned his trade with old Uncle Ben. Mr. Correa is delighted at being here and is meeting hosts of old friends and remembers Capt. Smith well, as he also worked for him.

#### TOWERMAN LET OUT.

The Burlington and Alton have decided to do away with the towerman at the East College avenue crossing, who have been operating the interlocker and wooden gates at that point. Trainmen will now perform these functions. The order to that effect came yesterday from Superintendent J. W. Mulhern and becomes operative at 6 o'clock this morning.

E. M. DeOrnellas and Joseph men at that point will probably go to Bloomington to obtain new jobs, with the Alton.

#### WON CHAMPIONSHIP.

W. Sinnock of Quincy won the Elliot Callender, Jr., defeating the young Peoria champion by a score of 2 to 1, in the state golf contest which closed yesterday at Peoria.

George Murphy, the two year old son of Mr. and Mrs. J. J. Murphy, who underwent an operation of his finger, is improving nicely.

## BURLINGTON TAKES LAST OF SERIES.

(Continued from page one.)

Is it a cheap team either. If there is trouble inside it should be remedied. If there is trouble on the outside it should be doctored up.

In the first place the men on the team are earning money paid by Jacksonville citizens. They have a right to demand a few things. The game yesterday is a good example. There were some offenses committed that ought to put a player on the bench for a week. An error by a player should be analyzed by a manager. If a player knows that it is passed over lightly he won't be over particular not to commit the offense again. But put him on the bench for a week or two without pay and see him get down to business when he dons the suit again.

The directors have received from the citizens some hard earned cash; that cash is invested in players. Some exhibitions such as have been put on diamond at West Side park this year ought to be an incentive to bring up every man, including manager, individually before the board of directors, so that a retrospection and an introspection of his case might be made. If the Jacksonville team was not competent and its place was down near the bottom, then it would be a story of just move along in small fashion. But the opposite is just the truth. The Lunatics are a stone wall when they have on their fighting clothes; every city in the Central association admits that. There ought to be a shaking up of the dry bones and these weak places in the team strengthened instead of just drifting along, contented with a continual spurt that some players put up. My! My! Let's lay aside petty notions, fear of hurting some one's feelings, and do a wholesale renovating.

Manager Boyle of Waterloo is so struck on the Jacksonville team that he made the statement the last time he was here that he believed he could land the Lunatics on the top notch.

Quincy won't stand a moment for a losing team. Why should Jacksonville? Let's get out of this hypnotic state.

There are forty-eight games yet for Jacksonville to play. Twenty-four of these games are at home. We ought to win half of them. It can well be said "there is a time in the Jacksonville team, which when taken at its flood leads on to victory." That time is right now. It's not too late to read the "riot act." The signs of the times demand an old-fashioned housecleaning. Out with the cob web brush and the sapollo. The Journal has unlimited faith in the ability of the Jacksonville boys. Let's introspect and retrospect. Let's get a pennant vision and "do something."

Oskaloosa has signed a new pitcher by the name of Symons. He is a southpaw and hails from Los Angeles, Cal. He is touted as some twirler. There seems to be a general shakeup among the Quakers.

The Pastimes defeated Versailles Saturday by a score of 6 to 3. This is Versailles' second defeat in sixteen games. The batteries were Pastimes, Woodman and Butler; Versailles, McDaniels, Wilkinson and Clark.

Umpire Newhouse has sent in his resignation to President Justice, as a sequel to the trouble in Quincy last week. President Justice prevailed upon Newhouse to finish the present series with Burlington to which Manager Hofer agreed.

Today Keokuk comes for three games. We have played seven games with the Indians and have only won one. Keokuk comes here from Quincy where they lost three straight. It will be a royal battle between the two teams this afternoon as both are candidates for fourth place. Belt's bunch is always the signal for a large attendance and no doubt the seats will all be full. There is going to be some genuine rooting for Manager Bette's aggregation today and fans will witness a great contest.

Burlington goes to Quincy today where a double header will be played. This is on account of the races at Baldwin park that come off Tuesday.

Manager A. S. Kennedy of the Oskaloosa team was released Saturday on account of the failure of the fans to support the team under his management. Taylor Kessel, the shortstop of the team has been appointed to take his place. There is some talk of "Snapper" becoming manager of the Ottumwa club.

President Justice had re-instated Linderbeck of the Quincy team, who was suspended for back talk to the umpire. It only on good behavior, however.

When your hair begins to fall out and your scalp is full of dandruff it is a sure sign that these countless germs are badly at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

## S.S.S. CURES S.S.S. OLD SORES

No old sore can heal until the cause which produces it has been removed. External applications of salves, washes, lotions, etc., may reduce the inflammation and assist in keeping the place clean, but cannot cure the trouble because they do not reach its source. Old sores exist because the blood is infected with impurities and poisons which are constantly being discharged into the place. The nerves, tissues and fibres of the flesh are kept in a state of irritation and disease by being daily fed with the germ-laden matter through the circulation, making it impossible for the sore to heal. S. S. S. cures chronic sores by its purifying action on the blood. It goes down into the circulation, and removes the poison-producing germs, impurities and morbid matters which are responsible for the failure of the place to heal. S. S. S. makes the blood pure, fresh and healthy; then as new, rich blood is carried to the spot the healing process begins, all discharge ceases, the inflammation leaves, new tissue begins to form, the place fills in with firm, healthy flesh, and soon the sore is permanently cured. S. S. S. is purely vegetable, the safest and best blood purifier for young or old. Book on Sores and Ulcers and any medical advice free to all who write.

Grand Offer by the Mutual Life.

The Mutual Life Insurance Co. of New York now offers the best policy ever written, the Continuous Installment Policy, which provides for the payment of \$50 annually for each \$1,000 to the beneficiary during their life time. If the beneficiary dies before they have received the face amount of the policy, the remaining unpaid portion is paid to their estate. The policy contains cash, loan, paid-up and extended insurance values and is written upon the lives of women for the same rate as men. (By Associated Press.)  
Chicago Grain Market.

Chicago, July 25.—Wheat—The market opened weak with the exception of a mild rally based on sharp advance at Winnipeg and continued heavy all day. Favorable weather in the northwest, weak tone of Liverpool market and total absence of export demand helped depress the market.

Corn—Trade dull, sentiment generally bearish. September displayed considerable firmness on covering by shorts. Favorable weather for new crop and slump in oats were the depressing influences.

Oats—Feature was a 6 cent break in the price of July. The slump occurred late in the day and was due to realizing sales based on prospects of much more liberal receipts in the immediate future. A decline of 2 to 7 cents in cash grain had a depressing effect. Deferred futures declined 1 1/2 to 2 cents.

Batavia (N. Y.) News: Mrs. Martha Corbetta Taylor, wife of Daniel R. Taylor, died at 3:30 o'clock this morning at the summer home of her son, Carlton W. Taylor, of Jacksonville, Ill., about two miles south of Oakfield. She had been in failing health since last December, principally from the infirmities of age, and her last hours were peaceful.

Mrs. Taylor was in her 79th year, having been born in East Elba on October 13, 1828. She was a daughter of the late Mr. and Mrs. Orrin Waller. In 1853 she was married to Daniel R. Taylor and they took up their residence on the Taylor homestead on the Batavia-Oakfield township road, where they had since lived, with the exception of recent summers, which they had spent with their son. When a girl Mrs. Taylor joined the East Elba M. E. church. In 1844 she and her husband became members of the Oakfield Presbyterian church, in which she was one of the most zealous in all branches of work as long as her health permitted. She was also prominent in the W. C. T. U. She possessed a most kindly disposition and was beloved by all who knew her.

Besides her aged husband, who is in very feeble health, and her son, Carlton, she is survived by two sons, Bryant Taylor of Oakfield and Orrin Taylor of Geneva.

Miss Berry will be remembered here by many as she conducted a millinery establishment in this city

some years ago. She was a devotee member of the Catholic church at Bluffs and was a true Christian woman. She has many friends both in her home town and in this city who will deeply mourn her loss.

### WELL ENTERTAINED

Members of Peoria Country Club Extended Every Courtesy to Guests at Golf Tournament.

Members of the Jacksonville Country club, who have just returned from the annual meet of the Central Illinois Golf association in Peoria, are very enthusiastic in praise of the treatment accorded them by the Peoria club. The Peorians, who have a great name for hospitality certainly "laid themselves out" in entertaining all the visitors. Aside from the golf and tennis contests, it was a week of many social pleasures. The social events included a smoker, a dance, a steamer trip, a band concert, amateur vaudeville, besides the delightful teas given by the ladies every afternoon. Automobiles were constantly at the disposal of the guests of the club and no courtesy was lacking that money could buy or thoughtfulness suggest. There were about 200 in attendance.

At a business meeting it was decided to unite the Central Illinois Golf association and the Central Illinois Tennis association into an organization to be known as the Central Illinois Country club association. The meeting next year will be held in Decatur.

The Osborne-Drake orchestra will give a concert at Nichols park Sunday evening from 7:30 until 10.

### NEVER REGAINED CONSCIOUSNESS

Howard Seymour, Who Suffered Injuries From Falling Out of Tree at Franklin Passed Away Yesterday—Funeral Will Be Held To Day.

Howard Seymour, of Franklin, the young man who fell from a tree Friday morning while attempting to fasten a pulley to a limb, died Saturday morning at 9:50 o'clock, having never regained consciousness. His death comes as a shock to the entire community and the bereaved family will have the sympathy of all in this, their great loss.

At the time of the accident Howard, in company with his father, E. F. Seymour, and two others, Henry Shirley and Taylor Anderson, was putting up hay on the Seymour farm, about two miles southwest of Franklin, Friday morning. A pulley failed to work right on the stacking hoist, and Howard ascended a tree to which it was attached by a wire in order to adjust it, and taking a chain along to fasten to the tree. He climbed out on a knob and took hold of a branch to steady himself. While working, the branch broke and the knob gave way, and he fell headlong to the ground, a distance of nearly twenty-five feet, striking on the side of his head and right shoulder. His father and the hands ran to his assistance, picked him up and carried him to the house, where medical aid was summoned, but in spite of all efforts the young man remained unconscious until the time of his death.

The decedent was born near Franklin June 20, 1889, where he attended the public schools. He was a favorite among the young people of Franklin and vicinity. He was a member of the M. E. church and was well and favorably known by all with whom he came in contact. He is survived by his parents, Edward F. and Mary Seymour and three brothers, Lora, aged 9; Norman, aged 8; Wilbur, aged 5, and many relatives in and about Franklin.

Coroner J. H. Spencer held an inquest Saturday afternoon at the residence of the deceased's parents, and the following verdict was rendered: "that Howard Seymour came to his death by congestion of the lungs and shock to nervous system, caused by falling from a tree on the farm of his father, two miles southwest of Franklin."

The following men composed the jury: N. J. Reinback, foreman; John B. Burch, Martin I. Anderson, Charles E. Cussins, Bird Anderton and W. N. Luttrell, clerk.

The funeral services will be held this afternoon in the Methodist church at Franklin at 4 o'clock, in charge of Rev. A. H. Flagg, pastor. Music will be furnished by the church choir. The following will act as bearers: Elmer Roberts, Carl Roberts, Otto Spire, Len Seymour, Preston Stewart, and Stephen Knoles. Interment will take place in the Franklin cemetery.
